Attendees	Mukund Nath Tripathi, Avyaleek Kandarpa, Osheen Manwal

Landing Page Discussion Points

S#	Agenda Point	Discussion Summary	Status
1	Content over the Landing page of Mineral Management.	Update all content for the "Mineral Management" module (About Us, Mission & Vision, Contact Us, etc.) using the existing department website. Any missing content that is not available on the current department website will be provided by the department.	Ujjwal Singh, Mukund Sir, please get the content related to Major and Minor Minerals from the department and share it with us.
2	Banner used in Transport Registration Page	Change the banner at the Transport Registration page in ISTP section available in Mineral management Dashboard, Image will be provided by the Department	**Mukund Tripathi** Please share the images as soon as

			possible so that we can implement the changes in a timely manner.
3	Address Field in Transport Registration page	Rename the "Own Address" field to "Permanent Address" in the Transport Registration section. Additionally, add a new field for "Correspondence Address" and make both the "Permanent Address" and "Correspondence Address" fields mandatory during Transport Registration.	Ujjwal Singh
4	Upload related document in Transport Registration page	In the guidance content displayed in red, replace the text "Photo Identity Card" with the following identity proof options: Aadhaar Card, PAN Card, Driving License, and Voter ID, update the header from "ISTP" to "ISTP/Transport Registration". Update the header from "ISTP" to "ISTP/Transport Registration". Under this section, provide separate options so that applicants can proceed with either ISTP Registration or Transport Registration which opens the same page, or allow users to proceed directly without using a dropdown selection.	Ujjwal Singh
5	Content for Minerals & Forms	The content for the Major Minerals and Minor Minerals subsections under the Minerals section will be provided by the Department. Additionally, the content for all forms will be verified by the Department, and the required changes will be incorporated into the Landing Page	Mukund Tripathi Sir, please share the content related to **Major and Minor Minerals** from the department. Also, please share the content/details of the following forms with us: **Form MM-11, K, J, and N**.

6	FAQs at landing page	The Department will provide the FAQs content. If the FAQs are not provided, the FAQs section on the Landing Page will be disabled.	Mukund Tripathi Sir, please get the **FAQ content** from the department and share them with us.
7	Forms - Tiles at Landing page & Login Page of Mineral Management	Create separate tiles for each form on the Mineral Management Landing Page using the content provided by the Department, and update the content accordingly. Replace the tile image for the "MM-11 & Form-K" section with an image representing a river or mining lease area, and replace the tile image for the "Form-J & Form-N" section with an image representing a mineral stockyard or stone crusher. Additionally, display all forms separately on the Login Page with a short description for each form provided by Department.	**Mukund Tripathi Sir,** please provide us with the content **form-wise**.
8	Department Name	Replace all occurrences of the existing department name on the Landing Page with "Directorate of Geology and Mining, Government of Uttarakhand" wherever applicable.	Ujjwal Singh

Discussion Points After Logging in as a DMO

9	Dashboard	In the DMO Dashboard, after opening any tile, make the Licensee/Lessee ID in the list clickable. Clicking the Licensee/Lessee ID should open the detailed view of the selected record, allowing the user to view its basic information and complete details.	Ujjwal Singh
10	Dashboard	In the Dashboard section, rename the following field labels wherever they appear: 1. "Lease Allotted Date" → "Lease Registration Date" 2. "Annual Expiry Date" → "Lease Annual Expiry Date" 3. "Lease Expiry Date" → "Lease Expiry Date" (no change; retain the existing label)	Ujjwal Singh
11	Payment Reports	Wherever the header "Bid/Royalty Rate (Rs.)" is displayed in the application, rename it to "Royalty Rate (Rs.)".	Ujjwal Singh
12	DMO Dashboard	In dashboard for Active Lessee/Licensee Details tiles- with count, also need all option clickable like Active, Suspended, expired for both lessee & license respective, because these details in the middle of dashboard taking too much space.	**Ujjwal Singh** --> This has already been created. We will proceed with the

			suggested points based on our dependencies and feasibility.
13	DMO Dashboard	Replace the label "Weight" with "Quantity" in Dashboard tiles present below in Dashboard, also work for the size of tiles taking too much space.	Ujjwal Singh
14	Lease Master	Lease Owner shall be given a sub login ID to make changes as per latest/Current Contact Person Details. Required discussion with Vikram Sir.	I need a proper workflow for this.
15	Lease Master	Update the "Lease Division" field by adding the following options: Tender, Private, KRVM, Government Agencies, and Other (as the last option). The "Other" option should allow users to enter a custom value manually.	Ujjwal Singh
16	Lease Master	Update the heading from "Lease Details" to "Lease/Permit Details", Add a "Geo Coordinates" option to the relevant section.	Ujjwal Singh
17	Lease Master	In Lease master for creating an ID need to follow the existing (Lease/Permit Details) to make category, subcategory accordingly (For clarification needed will provide the format from Vikram Sir)	Already implemented
18	Lease Master	Provide DMO users with an option to enter the "Village Name" if not available in the list during ID creation, and in case of error edit option shall be available only to the Nodal user.	Ujjwal Singh
19	Lease / License Master	Add new tab for remaining quantity in the Lease Details section.	Ujjwal Singh
20	Lease / License Master	For applying for urban Convert, the "Town" field into a dropdown list for both lessee & license	Ujjwal Singh
